

WENTWORTH AGAIN DEFEATS KEMPER

Takes the Third Successive Football Game From Old Rival.

THE SCORE--28 TO 0

Game Is Played at Liberty Park in Sedalia Before a Banner Redecked Throng.

For once dope was exactly right. The Kirksville Osteopaths defeated Kemper 6 to 0 and Wentworth defeated the Osteopaths 22 to 0. That made Wentworth on paper 28 points ahead of Kemper, and in the annual Thanksgiving contest the pigskin artists of this place hung the precise score of 28 to 0 upon the lads from Boonville.

A special train from Lexington carried the school people and a number from town to Sedalia, where the game was to be played. There were more students than usual--for Wentworth is still growing--and less townspeople, since the Missouri-Kansas game at Kansas City gave a little hope to the supporters of the Tigers. A special from Boonville brought in the Kemperites.

There was the usual parade in the morning, the usual jam at dinner--not meaning the cranberry jam--and the usual marching out to Liberty park. The attendance was not quite that of last year--3,000 is the estimated attendance--but it was enthusiastic and the array of color was imposing. There was, too, considerable noise-making. The Kemperites, against all common sense, thought their team had a look in and in sporadic cases bets were recorded. The spirit displayed between the two bodies, however, was more cordial than ever before and there were practically no cases of rowdism.

At 2:30 the game was started. Kemper won the toss and chose to defend the west goal, gaining the advantage of a strong wind. Wentworth kicked off and by exchanging punts Kemper soon had the ball on Wentworth's five yard line. Wentworth, however, did its regular performance and recovered the ball on downs. Then by a series of fast, snappy plays the Lexingtonians took the ball to Kemper's thirty-five yard line. Cook II assisted by Hurley then broke through the right wing of Kemper and ran for a touchdown twelve minutes after time was called. Owens kicked goal. From then on the only question was the size of the score. Shortly afterwards Owens with Hurley's help waded through the entire Kemper team for fifteen yards carrying the ball and a good portion of the opposing team across the goal line. He kicked goal. That ended the scoring in the first half.

The second half was even faster and Wentworth had no trouble in scoring three more. Hillix replaced Hurley at quarter, and there was no appreciable difference in the work of the two. Both were invaluable as helpers to the man with the ball and both ran the team with dispatch and accuracy.

The score would undoubtedly have been larger had the field been fast. Neither Cook I nor Wyatt could reel off a long end run on account of the heavy going. The playing was rough at times and always hard. Hurley got a bad bump in the head near the end of the first half. Conklin had his shoulder wrenched. Littlefield received an ugly gash in the forehead and Cook II had his jersey torn. Slattery of Kemper received the worst injury of the day. He was about the hardest player on the Kemper team and wore base ball trousers. In consequence he received a severe injury to his hip besides getting a couple of ribs knocked loose.

The Kemper team was game and fought to the last ditch; but it was no match for Wentworth. In weight there was no appreciable difference, but Wentworth was much the faster and played with more polished team work. Every man was in every play and there was a good versatility in attack. The conspicuous stars were not necessarily those who did the best work but those who had the best opportunity. That means every man who worked in the back field. For Kemper Westcott, Dodge, Shannon and Slattery were the best, though
